

The Akimbo Wins 2023 Good Design Award

City of Industry, CA – 12.21.23 – Maxim Lighting is thrilled to announce the Akimbo has been honored with a [2023 Good Design Award](#) from the Chicago Athenaeum: Museum of Architecture and Design.

A transitional statement piece, the Akimbo collection is composed of walnut-stained oak and Satin White glass shades that give off a pleasing, glare-free ambience. The collection is available as a series of multi-light chandeliers and a wall sconce with a swingable arm. Creating a collection that balances attractive aesthetics with functionality is no small feat, and to be recognized by the Good Design Awards for such an achievement is a true honor.

The world's oldest and most universally recognized program for design excellence, the Good Design Awards highlight sustainability, exceptional design work, and unparalleled functionality. Spearheaded by The Chicago Athenaeum, this year's Good Design jury set a high standard for excellence, fielding over a thousand global product submissions from leading manufacturers and design firms.
