TIMBER

# TIMBER

A modern configuration of rustic elements, this Fandelight features a Driftwood finish on ring supported by brackets and thin struts in a contrasting Black steel. Within this timber wheel is an inner Black ring that houses an LED downlight. This minimalist form, with its use of rustic color palette, evokes a strikingly sophisticated composition that complements a wider variety of design aesthetics both rustic and modern. Whether used in a bedroom, entry, or over your dining space, this Fandelight is far more refreshing than conventional ceiling fans and much cooler than a light alone.

- Wi-Fi Enabled • White Tunable • Dimmable

JEWEL

# JEWEL

An elegant fusion of function and fashion, this contemporary Fandelight features a bold Black band segmented by highly reflective plated Gold crystal settings. The settings support beveled crystal accents on jewel-inspired prongs a set distance from the fixture enhance its iridescence allowing natural and ambient light to glisten off its faceted surfaces. Encircled within is an internal ring in Black that houses an LED light source directing ample light downward.

DARLING

# DARLING

For those with smaller spaces in need of a fan, this Darling Fandelier. Eliminating the fan rod of a typical fandelier, this hugger Fandelier provides stylish trends with a low profile integrated fan. The combination finish of Natural Aged Brass, Matte Black, and the white fan blades make this a design that delivers trend, not just functionality. Fully dimmable and the features can be controlled by remote provided or through its Wifi-enabled technology.

• Wi-Fi Enabled • Dimmable

TULUM

# TULUM

Natural Rattan wicker forms a sloping drum shade with integrated fan and LED light source. The Dark Bronze finish of the metalwork encases an LED ring at the bottom directing light downward. Finished in outdoor coatings for the rattan and the metalwork, this Fandelier is designed for outdoor spaces as well under covered roofs. Add coastal flair and find some respite under the breeze flowing from an utter FanDelight by Maxim.

- Damp Rated • White Tunable • Indoor/Outdoor • Dimmable

# PORTCULLIS

# PORTCULLIS

Not just a fan, the Portcullis FanDelight is framed within a woven metal grate pattern in a rich Bronze Gilt finish. The interior gold finish adds warmth to the candelabras that are shielded with a curved reflector backplate not to be disrupted by the circulating fan blades behind it. With a full range of fan control and Wifi-enabled, this fixture is not only attractive, but full of functional features.

DAISY

# DAISY

For larger spaces, a larger blade span is sometimes required. This minimalist design is pure and simple. Elongated ABS blades span 60 inches and finished in Matte White contrasting the motor housing's Natural Aged Brass finish. The two tone finish makes for a stylish and bright fan great for interior spaces. Wall control with dual slide dimmer and fan speed control is provided.

# APPENDIX

Wi-Fi enabled means that a device can connect to the Internet when there is a local Wi-Fi network connection available.

LED stands for light emitting diode. LED lighting products produce light up to 90% more efficiently than incandescent light bulbs.

Title 20 means it meets the energy efficiency standards set by the California Energy Commission.

Title 24 ensure's that system design and installation achieve higher energy efficiency.

Energy Star is a government-backed labeling program that helps people and organizations save money and reduce greenhouse gas emissions by identifying items that have superior energy efficiency.

The ETL Listed Mark indicates to distributors, retailers and customers that your product has been tested by Intertek and found in compliance with accepted national standards.

CCT (correlated colour temperature) defines how the light appears and how it might make us feel

Damp rated lights are designed to withstand moist environments, specifically those where condensation may build up in and around the fixture.

Dimmable led lights mean you can adjust the brightness or lumen levels according to your needs.
