

PRODUCT DESCRIPTION

A modern tribute to the wheel chandelier, the Ovation collection integrates LED technology for a dazzling lighting effect. The LED light produces a shimmering lighting effect along the tall and narrow fluted glass shades adding celebratory effervescence. The expansive diameters of the rings join at the center in equipoise using four down rods to suspend the frame. Mount the chandelier from the collector or make use of additional chain supplied to extend the height with ease. Additional sconces with up and down lighting complete the design. Available in Brushed Brass or Black, the collection toasts a classic design creating an elegant statement.
