

### **The Pearl Wins 2023 Good Design Award**

City of Industry, CA – 12.19.23 – ET2 Contemporary Lighting is thrilled to announce that the Pearl has been honored with a [2023 Good Design Award](#) from the Chicago Athenaeum: Museum of Architecture and Design.

Featuring a creative and versatile design, the Pearl features illuminated crystal orbs behind curved shades of Naturally Aged Brass. Its oversized panes are mounted on adjustable LED housings and can rotate for ample upward or downward-directed lighting. The Pearl is available as a pair of multi-light chandeliers or a 1-light wall sconce.

The world's oldest and most universally recognized program for design excellence, the Good Design Awards highlight sustainability, exceptional design work, and unparalleled functionality. Spearheaded by The Chicago Athenaeum, this year's Good Design jury set a high standard for excellence, fielding over a thousand global product submissions from leading manufacturers and design firms. A seamless blend of contemporary aesthetics with exceptional functionality, this recognition from the Good Design Awards is a welcomed accolade for the Pearl collection.
