

**PRODUCT DESCRIPTION**

A study in simplicity, this geometric cage lantern features an open, glass-free design with two rectilinear strands that support the top hood. Finished in a contemporary Matte Black and constructed from Maxim's durable Vivex composite, it is built to endure harsh climates, including coastal conditions and extreme sun. A recessed LED module is discreetly housed within the hood, delivering high-lumen output directed downward for dark sky compliance, combining modern form with practical performance.
