PRODUCT DESCRIPTION

A modern configuration of rustic elements, this Fandelight features a Driftwood finish on ring supported by brackets and thin struts in a contrasting Black steel. Within this timber wheel is an inner Black ring that houses an LED downlight. This minimalist form, with its use of rustic color palette, evokes a strikingly sophisticated composition that complements a wider variety of design aesthetics both rustic and modern. Whether used in a bedroom, entry, or over your dining space, this Fandelight is far more refreshing than conventional ceiling fans and much cooler than a light alone.
